

MISHAN SAVALIA

Bharuch, Gujarat 392001

✉ savaliamishan10@gmail.com [in](#) [mishan-savalia](#) [linktr.ee](#) [Portfolio](#)

Education

Shri S'ad Vidya Mandal Institute Of Technology College,GTU

August 2019 - April 2023

B.E in Computer Science and Engineering(CGPA - 8.01)

Bharuch, Gujarat

Experience

Software Developer

September 2023 - September 2024 (1 Year)

IIT, Gandhinagar

IMS Team

- Developed and enhanced ERP system functionalities using PHP, Laravel, MySQL, and SQL, introducing new features, optimizing code, and promptly resolving issues/queries related to student admissions and staff recruitment.
- Utilized JIRA tracking tool for efficient Bug/defect management, tracking, Time management and maintained Portals and Payments.
- Strengthened system security by conducting manual test case reports.

Web Developer

Jan 2023 - June 2023 (6 Months)

Nexis Infotech, Bharuch

Certification

Project

- Interned at Nexis Infotech in Bharuch, Gujarat, during my 8th semester, gaining exposure to diverse technologies like HTML, CSS, Bootstrap, PHP, Laravel, Ajax, jQuery, and MySQL.
- Developed an E-commerce website with strong front-end and back-end architecture.

Blue Prism Foundation training | Summer Internship

July 2022 - August 2022

Blueprism—University

Certification

- Used RPA tools of virtual workforce to automate business operations in an agile and cost-effective manner during the Blue Prism internship.
- Developed processes using a visual designer and drag-and-drop functionalities for process development.
- Learned to develop processes, including decision-making, exception handling, and altering process flow as per demand.

Projects

E-commerce Website for Shoes and Clothes shop | Php, Ajax, JQuery | [Project](#)

- Built a robust back-end functionality by utilizing **Php, Ajax, JQuery** and integrating a database for efficient order management, customer data storage, and reporting.
- Implemented secure **login and logout sessions** to ensure data privacy and **authenticate users**.
- Designed and customized user-friendly interface enabling customers to easily browse products, manage their **shopping cart, and track their order history**.
- Executed the integration of **Ajax and jQuery** technologies to enhance the user experience by enabling dynamic content updates, seamless page interactions, and improved responsiveness. This resulted in a smooth and interactive browsing experience for customers, eliminating page reloads and allowing for real-time updates.
- These technologies facilitated efficient cart management, product filtering, and a seamless checkout process.

Achievements

- Qualified the SIH internal hackathon by developing a project on drone detection system in the software category. Our team competed against 15 other teams and secured a position in the top 5 in our first attempt. **SIH 2022**
